EUROPE!

You can activate the SIM card and top-up your account anywhere using the Internet

The SIM card can only be registered in countries covered by MTX Connect

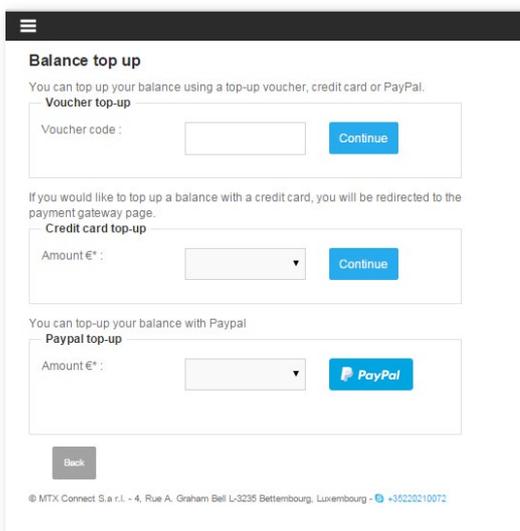

Subscription and activation is free. There are no contract or commitment costs. Just pay as you go

The screenshot shows the 'Activation' page on the MTX Connect website. It includes a heading 'Activation', a sub-heading 'To activate your SIM card we need a six characters activation code (found on the back of SIM card)', and a form with an 'Activation code' input field and an 'Activate' button.

1. Activate the MTX Connect SIM card at mtxc.eu

- 1.1. Go to mtxc.eu (push the button «Activate SIM»).
- 1.2. Enter your **activation code** (printed on the plastic card that holds the MTX Connect SIM card).
- 1.3. **Follow the steps** to activate your SIM.

The screenshot shows the 'Balance top up' page on the MTX Connect website. It includes a heading 'Balance top up', a sub-heading 'You can top up your balance using a top-up voucher, credit card or PayPal.', and three sections: 'Voucher top-up' with a 'Voucher code' input field and a 'Continue' button; 'Credit card top-up' with an 'Amount €*' dropdown menu and a 'Continue' button; and 'Paypal top-up' with an 'Amount €*' dropdown menu and a 'PayPal' button. A 'Back' button is located at the bottom left. The footer contains the text: '© MTX Connect S.a r.l. - 4, Rue A. Graham Bell L-3235 Bettenbourg, Luxembourg - ☎ +35220210072'.

2. Top-up your balance

- 2.1. Go to a.mtxc.eu (the Activation page).
- 2.2. Top-up your balance with a **credit/debit card, PayPal, voucher** or **air miles** from our partners' programs.
- 2.3. For greater convenience, you can set your account to **automatically top up** to make sure you never run out of data/access.

3. Register the SIM card in the MTX Connect network

- 3.1. You can register the SIM card in any country covered by MTX Connect.
- 3.2. Snap out the SIM card that fits your device (mini, micro or nano).
- 3.3. Switch off your device, insert your SIM card and switch the device back on.
- 3.4. Go to **Settings** in the Menu.

Set an Access Point Name (APN): **internet**

For iOS devices go to: Settings > Mobile Data > Mobile Data Options > Mobile Data Network

For Android devices go to: Settings > Connections > More networks > Mobile networks > Access Point Names

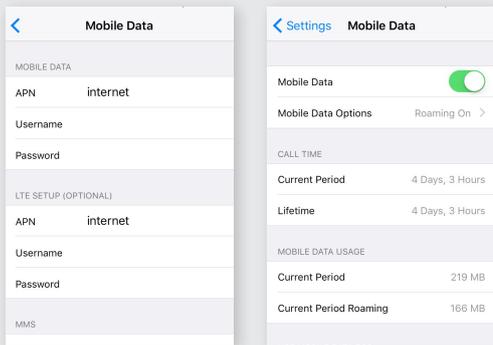

If you can't see any APN, press the Menu button and choose «Add».

3.5. Turn **Mobile Data** and **Data Roaming** on (Turn **EU Internet** on for iOS 8+ devices).

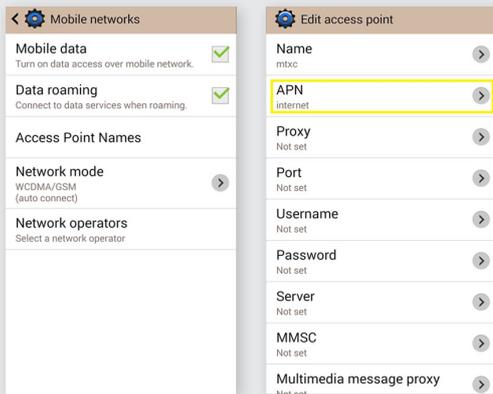

3.6. **Open your browser** (Safari, Chrome, Firefox, Explorer, etc.) after the name of the network appears on your device's screen. A mobile device should **find the network and complete registration automatically**. This usually takes up to 3 minutes depending on the coverage area. Registration in airports can take longer.

3.7. You will be redirected to the MTX Connect account.
